OVERVIEW

This extraordinary yacht elegantly designed by Bernard Olesinski features three cabins and contemporary-styled interiors naturally opening to her comfortable exterior spaces and sporty look. Her performances are enabling her clients to spend a dynamic vacation, going from one place to another in no time.

Her crew consisting of a Captain and hostess takes care of every detail of your holiday, giving spotless service but also providing rich knowledge of local sights, popular hot spots and secluded bays.

The décor of the interiors that 'breathes aesthetics' is easily seen in bright tones of fabrics and finest wood, while cool features like opening the main salon roof will reward you with a million-dollar view of the stars during charming summer nights.

The central space for enjoying the moments literally millimetres from the sea is a hydraulically operated stern platform, which can be interpreted as a private beach. But the variety of toys turns that space into a real playground with a selection of water- toys like jet-ski and donuts enabling you to explore the turquoise Adriatic lagoons.

Her home port is Split (marina Lav), from where she can easily reach Dubrovnik or Montenegro on the south or give you a fantastic cruise up north to Venice through three national parks in Croatia.

An aerial photograph of a stunning turquoise lake nestled in a lush, green forested valley. The lake's water is exceptionally clear, revealing the rocky and sandy bottom. A small boat is visible in the lower center of the lake, leaving a white, swirling wake behind it. The surrounding hills are covered in dense, dark green trees, with some cleared areas and paths visible. The overall scene is serene and picturesque, showcasing the natural beauty of Croatia.
